▣ Response

As of my knowledge cutoff date in June 2024, the FIFA World Cup for 2038 has ****not yet taken place****, and thus no country has won it. The most recent men's FIFA World Cup was held in 2022 in Qatar, and the next men's tournament will be in 2026. There has been no official winner for the 2038 FIFA World Cup as of now.

■ Response

Since the FIFA World Cup is held every four years, the 2038 FIFA World Cup would take place in the year 2038. As I'm a large language model, I do not have the ability to predict the future or have knowledge of events that have not yet occurred. My knowledge is limited to the data that I was trained on, which only goes up until 2022.

Therefore, I do not have information on the winner of the 2038 FIFA World Cup, as it has not yet taken place.
